

Other Options

Whether you choose to give an unrestricted gift or a gift to a specific ministry, you may direct how your original gift, or principal, is used. You may allow all of the principal to be used, allow only income from the principal to be used, or a combination that matches your wishes. Overall, it is good to think of how your gift will allow Trinity's members and friends to continue to serve the Lord and help others experience the love of Christ. Just as thinking broadly in terms of giving to a specific ministry may expand the life of your gift, so does the flexibility in how the principal is used.
