

Scripture has given us a foundation for our understanding of God's abundance that is all around us.

1. God owns everything.
2. God gives abundantly
3. We are not to keep God's resources; we are to circulate them.
4. God's blessings are then recycled to create more blessings.

These principals help point us to a cycle of blessings that are essential for growing discipleship into sustainable and missional ministries. May we look to God as we seek ways to allow God's blessings of wellness, truth, gracious leadership, time and place, relationships and money to flow. May our love of God and neighbor shine through everything we do.

Ministry Impact

Our church year began in December much like any other year as we celebrated the Joy of Christmas with no indication that so much of our life would change in the coming months. When we suspended in person worship in March, the people of Trinity never stopped praising God, caring for the vulnerable and loving one another.

- ❖ In March we began offering pre-recorded online worship and eventually transitioned to be able to live stream our live service reaching people from Lima to Oklahoma to Germany every week.
- ❖ Breakfast was served to-go to close to 100 of our neighbors each week.
- ❖ 4 youth were confirmed and 1 baby was baptized.
- ❖ Countless members have made phone calls, sent cards, delivered groceries and more to one another to stay connected.
- ❖ Sunday school, Bible studies, youth group, leadership team and others have met virtually and developed hybrid options so that we could continue to meet people where they are.
- ❖ Free Store will be offering monthly give aways.
- ❖ 18 people are beginning a Discipleship in Diversity group.

GROWING INTO A MICAH 6:8 CONGREGATION

ACT JUSTLY:

- Establish a discipleship path that incorporates study, prayer, wholistic wellness, service and just practices.
- Build bridges across the community to address needs in ways that are empowering, nonviolent and sustainable.
- Identify and lift up asset based ministry partnerships.
