

Gifts to Specific Ministries

Some donors want to ensure that their gifts support a specific ministry. For example, if you had great experiences at church camp as a youth, you may want to direct your gift to help all youth who want to go to camp. While church camps are wonderful ministries, it may be helpful for you to think in broader terms in directing your gift.

Instead of directing your gift only for youth to go to camp, you could allow your gift to support all youth ministries at Trinity. Providing this kind of specific gift makes your wishes known and will allow your gift to give life to current and new youth ministries.
